PRESIDENT ROOSEVELT SAID:

"And while I am talking to you, fathers and mothers, I give you one more assurance. I have said this before, but I shall say it again, and again, and again, your boys are not going to be sent into any foreign wars."—
Speech at Boston, October 30, 1940.

FORMER PRESIDENT HERBERT HOOVER SAYS:

Right now we need calm thinking. We need reason. We need tolerance. We need deliberation. We must not be swept off our feet by the profound depth of our emotions.

SENATOR BURTON K. WHEELER SAYS:

The American people should tell President Roosevelt that they expect him to live up to his campaign pledges and keep this country out of the European war. They should write their Senators and Congressman regarding their views.

FORMER AMBASSADOR JOSEPH P. KENNEDY SAYS:

"The people who must suffer and give up their lives are entitled to know the facts before their judgment can be won to the interventionist cause. We must have the completest candor; we must have the fullest disclosure; we must have the freest debate. * * * A direct attack on us would require an armada mightier than the power of man could create."

COL. CHARLES LINDBERGH SAYS:

... the propaganda of war has spread through our country. Once we entered a war that was going to make the world safe for democracy and end all need for war in the future. We sent 2,000,000 troops overseas. After that we left the future of the world in the hands of our college presidents and our idealists. The greatest wars and the bloodiest revolutions of all history have taken place under their guidance.

... Now they want us to go to war again. Our Government asks us to preserve democracy abroad by creating a dictatorship in our own country. And all this in the name of idealism.

The future of democracy depends on our ability to govern our own country. It is far more essential for this country to have farms without mortgages, workmen with their own homes, and young people who can afford families than it is for us to crusade abroad for freedoms that are tottering in our own country.

Our principles are open and clear. We believe that the security of this country depends upon our own character and strength. We believe that the best way to defend our Nation is to keep our armies on our own soil. We stand for an independent American destiny.

If you stand with us, we ask you to help us by organizing meetings, by talking to your friends and by writing to your Representatives in Washington. The crisis is here. We need your assistance now. The entire future of America depends on the action we take at this time.

SENATOR GERALD P. NYE SAYS:

My fear is not as to any probable or likely outcome of Europe's war. What concerns me is the knowledge that, if we go into the war, whatever the outcome of that war will be, the United States will be the Nation most hated and most despised by all the warring nations and their peoples.
