MINNESOTA CATHOLIC CONFERENCE
#MNCatholic
MNCatholic.org

I write to you as a constituent to express my support for the "Dream Act of 2017" (H.R. 3440 & S.1615). I request your attention to the pressing issue of the future well-being of Deferred Action for Childhood Arrivals (DACA) youth and young adults. As Catholics, we believe in protecting the dignity of every human being, especially our children.

If you have already signed on in support of the "Dream Act of 2017," I am grateful to you and ask for your continued work in support of our Dreamers.

If you have not yet signed on in support of this bipartisan legislation, I urge you to do so today. With time running short, your support is urgently needed to protect our immigrant youth and young adults from deportation and to provide them a pathway to citizenship.

The Dream Act is intended to protect immigrant youth who entered the United States as children and know America as their only home. The young people who stand to benefit by this bill are contributors to our economy, military veterans or current service members, students in our universities, and leaders in our parishes and communities. They should not be forced to live their lives in constant fear of deportation at any moment or separation from their families.

I respectfully request that you consider sponsoring the Dream Act of 2017, and also that you speak publicly in support of these young people.

Sincerely,

Name
