Minnesota Alliance of Peacemakers (MAP) Member Citizens for Global Solutions MN (CGS-MN), United Nations Association and others have been involved in this important new film since 2011, including sponsoring the World Premiere of the film in Minneapolis in April, 2017.

The “free week” is important for fund-raising for the final licensing before public release.

MAP individuals and groups can be very helpful.

Watch the film, encourage others to watch it. Help raise funds for the final push, by contributions from your organizations and members.
